NAWGJ CANONS

The Canons express in general terms the conduct expected of women's gymnastic judges in their relationship with the public, with the Association and with the profession of judging in general; the Canons embody the general concepts from which the ethical consideration and disciplinary rules are derived.

(The Complete Code of Professional Responsibility can be viewed on the NAWGJ website under "Official Documents"- www.nawgj.org)

- CANON 1: A judge should assist in maintaining the integrity and competence of the profession of judging women's gymnastic events.
- CANON 2: A judge should assist the Association in fulfilling its duty of making judges available for women's gymnastic events.
- CANON 3: A judge should assist in improving the system of judging women's gymnastic events.
- CANON 4: A judge should avoid even the appearance of professional impropriety.
- CANON 5: A Judge should be well qualified in gymnastics, know the rules and be thoroughly prepared for each assignment. Each team, meet contestant and participant, as well as the spectators, are entitled to the official's best efforts to administer the rules of the sport.
- CANON 6: A judge should prepare for each judging assignment and should, through study and clinics, keep her/his judging knowledge current.
- CANON 7: A judge should fulfill all assignments accepted and be punctual. A judge should also attend all judging and other meetings which are intended to promote a well ordered and conducted meet or event.
- CANON 8: A judge should be alert at all times, quickly yet accurately produce her/his scores and have a basis for the scores derived and prepared. If a legitimate need

should arise, the judge should explain and support such scores by working through conferences and dealing with inquiries in a dignified, professional manner.

- CANON 9: A judge should not solicit meets for herself/himself or for others.
- CANON 10: A judge shall be completely unbiased. A judge should not give any appearance

especially at a meet, of any particular friendship with any coach or competitor. Also, a judge should decline any assignment in which affiliation with a team or individuals would tend to influence the judge's ability to be fair and objective.

- CANON 11: A judge should treat gymnasts, coaches, judges, promoters and spectators with respect. A judge should respect the privacy, property and feelings of any judge or other person with whom such judge is living during the event being judged, and should not do anything which would embarrass or offend such person.
- CANON 12: A judge should at all times both look and act professionally. A judge should maintain a neat and well-groomed appearance when judging. He/she should wear the uniform of the Association (except where other dress is permitted).
- CANON 13: A judge should not be overly officious. She/he should not criticize other officials or attempt to explain other officials' judgments.
- CANON 14: A judge should confine her/his duties to the purposes of judging; i.e., coaching or meet directing are not included in a judge's responsibilities.
- CANON 15: A judge should never consume alcoholic beverages or drugs prior to a judging assignment where such consumption is evident by odor, conduct or appearance.
- CANON 16: A judge should exercise good judgment when using social networking media (Facebook, Twitter, blogs, texting, e-mail, etc.) i.e. avoid communicating with coaches or gymnasts during, before or after a competition; or refrain from making inappropriate statements about fellow judges, coaches, gymnasts, clubs or parents.

Professionalism

As a judge, coaches, gymnasts, parents, volunteers and runners are constantly monitoring your behavior and actions. It is important that you maintain behaviors that communicate impartiality. Do not hug coaches, athletes, or parents while you are on the competition floor or in uniform. What you say is ALWAYS overhead by someone! Make certain that your comments are always positive and not critical.

Cell Phones

Please disable your cell phone while you are on the competition floor. Do not make or receive calls or texts from your judging table. If it is necessary for you to make a call/text on your cell phone (emergencies only) please notify the Chief Judge or Meet Referee and leave the floor to place the call. This also includes iPads and other communication devices.

Body Language and Communication

Refrain from talking to the other judge(s) while you are judging or coming up with your score. It is easy for observers to assume that you are talking the athlete's performance and trying to influence the score of the other judge. Meet Directors are paying for independent judgments from every judge. Only comment on a routine when asked to do so by the Chief Judge in a conference situation.

Facial expressions are just as powerful as words. If an athlete makes a mistake, maintain a neutral facial expression even though it may sometimes be very humorous! Wrinkling your nose or sighing are all expressions that parents/coaches pick up on. It's courteous to smile at the gymnasts at the conclusion of their routine. Judges take a deduction if athletes do not salute

judges at the end of a routine so give them the respect they deserve by acknowledging their signal when they finish their routine.

By the end of long meets, you may have a hard time looking alert. Try to maintain good posture throughout the entire meet and not sit with your head on your hand or slumped down in your chair.

TRAVEL GUIDELINES

Carpooling

When you are assigned a meet, you will be asked to carpool with other judges in your area or along the way to the meet. Carpools are recommended to help maintain reasonable costs for Meet Directors. The position of driver for carpools should be swapped among the judges within a carpool community. Carpool drivers will be reimbursed at the current mileage listed on the contract, in accordance with the compensation package contracted by NAWGJ.

Judges are requested to carpool when ever possible. If a judge chooses not to carpool for any reason, mileage will not be paid to that judge unless prearranged with the SJD and the Meet Director (USAG policy). If unable to travel with the designated carpool, mileage may be charged from home to the carpool departure location.

- If a carpool participant is delayed and unable to join the carpool in a timely manner, the participant should continue to drive to the meet by himself/herself. Mileage may not be claimed. The delayed judge will continue to try to make contact with the carpool/Meet Director to inform them of the status of their arrival.
- If a judge has not contacted the carpool and has not arrived at the departure site within 20 minutes of the designated departure time, the carpool should depart for the meet.
- The carpool driver should contact the Meet Director, the assignor, or the SJD (whoever is available) to notify them of the problem with the carpool. These individuals can continue to attempt to make contact with the delayed judge to ensure his/her safety.

Cars used for carpooling should be clean and free from clutter so as not to crowd the carpool participants. The car should be gassed and ready to travel when the carpool is picked up.

Judges who are worried about the driving practices of the carpool driver should notify the driver immediately and request a change in behavior. If the judge continues to drive in an unsafe manner, the concerned judge should notify the SJD. If complaints are received about driving practices of a judge, that judge may not be assigned as a carpool driver in the future as a matter of safety for our judges.

If you help with some of the driving responsibilities the driver is under no obligation to split .

Departure Time

- The departure time for the carpool should be established by calculating the travel time to the meet site plus adding 20-30 minutes to accommodate carpooling arrangements/transfers. The carpool driver has the responsibility to select a departure time that will allow timely arrival at the meet site without having to drive too fast for the conditions.
- The departure time for the carpool should not be more than 30 minutes above the estimated travel time unless there is mutual agreement of all participants. The carpool driver may not set the time so early as to cause other carpool participants to have to back out of the carpool and drive alone.

For carpools requiring an overnight stay the night before the meet, the carpool driver should try to establish the departure time so as to be at the hotel no later than 10:00 PM.

- If ALL carpool participants agree that they want to leave earlier than the guidelines suggest (for personal reasons; shopping, side trips, etc.) they may only charge for meal expenses that fall within the time period of the carpool guidelines.
- If the carpool driver or participant in the carpool is delayed, the delayed judge must call the carpool driver or other carpool participant to notify them of the delay and give an estimated time of arrival. The carpool driver must make a decision at that time as to whether the carpool will leave without the delayed judge or wait until the judge arrives. Common sense will be the guiding rule for such decisions.
- If the carpool judge is unable to make contact with the carpool by phone to inform them of the delay, the delayed judge should call the meet site and leave a message for the carpool driver. The carpool driver, in turn, should call the Meet Director to find out if a message has been received from the delayed judge before leaving the departure site.
- If a carpool participant is unable to join the carpool in a timely manner, the participant should continue to drive to the meet by himself/herself. Mileage may not be claimed. The delayed judge will continue to try to make contact with the carpool/Meet Director to inform them of the status of their arrival.
- If a judge has not contacted the carpool and has not arrived at the departure site within 20 minutes of the designated departure time, the carpool should depart for the meet.
- The carpool driver should contact the Meet Director, the assignor, or the SJD (whoever is available) to notify them of the problem with the carpool. These individuals can continue to attempt to make contact with the delayed judge to ensure his/her safety.

Lodging/Hotel Arrangements

If you can reach the meet site by leaving your home at a reasonable time without lodging, you will not be assigned to a hotel room. If you indicate that you need a room and do not cancel with the Meet Director in advance and the Meet Director has to pay for your room, he/she has the right to deduct the cost of the hotel room from your check.

In a two- day or longer meet, you may be expected to stay at the hotel if the Meet Director is obtaining a complimentary room. In this case, mileage would only be paid for one round trip even if you should choose to go home each day. Likewise, it is not the Meet Director's responsibility to provide a hotel room for you just to avoid an early morning drive if you live within a reasonable travel time to the meet site.

If you anticipate that a meet is going to end late (past 9:00 PM) and require you to stay overnight at the meet city, please let the Meet Director know so that arrangements can be made for

you to stay overnight on the last night of the meet. Because there are a number of factors that must be considered in determining overnight stay following late-night meets, no set rule is in place and judges and Meet Directors are asked to use common sense. This is a safety issue for judges and Meet Directors and the decision must be made with the safety of the driver/carpool as the highest priority.

Family Members and Travel/Hotel

If you want a family member or friend to travel with you to a meet or you wish to stay in a hotel room with a family member or friend on the way to or during a meet, the following procedures are **REQUIRED**. Please do not ask other judges, the assignor or the SJD for an exception to these procedures. Such requests put pressure on these people to comply with your request when they may prefer not to.

- 1.) You cannot take ANY family member in a carpool being paid for by the Meet Director. Don't even ask the driver for an exception. If you want to travel with a family member or friend, you will have to drive to the meet site on your own and you will receive no reimbursement for mileage or gas. If you are the carpool driver and wish to take your family or friend, you must call the assignor and relinquish that position and receive no mileage or gas.
- 2.) Hotel rooms are not furnished for family members. If you have been assigned to a room and you bring your family along, you as a judge, can stay in the designated room but NOT your family. A judge may stay with his/her family member but the judge must assume responsibility for making hotel reservations and paying for the room.
- 3.) Please do not take food from the judge's table to feed your family members. If meals have been arranged by the Meet Director in an off-site facility (restaurant), family members are not to accompany judges.
- 4.) Family members are not permitted in the judge's room. If you want to spend time with them during the breaks, you will need to meet with them outside the judge's room.
- 5.) Family members that wish to attend and watch the meet must pay. They are officials or participants; therefore, they must pay as a spectator. Do not ask for special privileges.

Uniform Protocol

Judges should have an official uniform within one (1) year of receiving your rating to be assigned to any state meets. Helpful Tools

There are many helpful tools available through the NAWJG Website and various states' NWAGJ websites. Feel free to include all that you want!

The following are just a few.

- Quick Math for Judges
- Meet Referee Check List
- USAG Fee Schedule
- Helpful Websites

QUICK MATH FOR JUDGES USING HALF-TENTHS

With 0.05 often being used in judging, figuring average scores can be done quickly. There are only three (3) possibilities when 0.05 is involved. If the 0.05 is always treated separately and last, the math will be easy.

Both judges have final scores with .05. Take away the .05 from one score and add it to the other score. This makes both whole numbers. Just figure the average from these whole numbers.

Examples:

$$8.65 = 8.60$$

$$8.95 = 9.00$$

Average is 8.80

$$7.25 = 7.20$$

$$7.55 = 7.60$$

Average is 7.40

Only one judge has a final score with 0.05 and both judges scores are either odd or even numbers. In this case, the average score will always end in 25. Drop the 0.05 and figure the average score based on the first two numbers and then add 0.025.

Examples:

$$8.55 \text{ and } 8.70$$

Drop the 0.05 and average the 8.50 and 8.70 for an 8.60. Then add 0.025 for a final score of 8.625.

$$9.25 \text{ and } 9.4$$

Drop the 0.05 and average the 9.20 and 9.40 for a 9.30. Then add .025 back to the average for a final score of 9.325.

Only one judge has a final score with 0.05. One judge's score is an odd number and one judge's score is an even number. In this case, the average score will always end with a 75.

Examples:

Scores are 8.65 and 8.90 Drop the 0.05 and average 8.60 and 8.90 for a score of 8.75. Then add 0.025 bak to the average for a final score of 8.775.

Scores are 7.35 and 7.80 Drop the 0.05 and average 7.30 and 7.80 for a score of 7.55. Then add 0.25 to this average for a final score of 7.575.

Remember.....always treat the .05 LAST

If both scores are odd or even, the average score will always end in 25.
